Admiral's Diamond is the diamond bottled version of our Admiral's Cask Rum which is offered as a complimentary extension of our Diamond Spirits range. Panama in the Caribbean, is ideally suited to the production of superior rum, with perfect conditions for sugar cane growth, distillation and maturation in oak casks, which have an important influence on the flavour of premium rum.

Single Cask, Single Estate, aged 5 years in oak casks, then decanted and presented as part of our Diamond Spirits collection.

Admiral's Diamond has a sweet and inviting aroma of vanilla and honey. A beautiful rich, buttery taste makes it perfect for sipping neat, with ice or mixing.
